

Afro-Asian Insurance Services Limited was formed in 1988 and has since grown its operations to become a leading provider of reinsurance products to its expanding client base in Africa and Asia.

“Afro-Asian’s understanding of all our reinsurance needs gave us the utmost confidence. We have now been their clients for over 14 years”

Afro-Asian is a Lloyd’s Broker, authorised and regulated by the Financial Conduct Authority (FCA), is a member of British Insurance Brokers Association (BIBA) and is also a member of the London and International Insurance Brokers’ Association (LIIBA). **Afro-Asian** is an International Member of the African Insurance Organization (AIO).

Afro-Asian has embarked upon a campaign to expand its client base in its traditional territories of Africa and Asia. This will be achieved by setting up a network to make client-contact and client-services more responsive, streamlined, efficient and ultimately customer-focused.

Afro-Asian has built up an exceptional reputation as an efficient and innovative provider of specialist reinsurance products for its international clients. Our services encompass virtually all classes of business. We create partnership alliances with our clients that enable us to provide cost-effective, need-based products and to help our clients improve productivity and focus on their core business.

Afro-Asian also provides the necessary technical and professional expertise and assists in setting up and managing new insurance and reinsurance operations.

At *Afro-Asian* our in-depth knowledge and understanding of the insurance markets in Africa and Asia, means that we can handle any type of reinsurance risk and address our clients' particular needs, regardless of complexity and size.

Afro-Asian provides all support services with total commitment to quality and best practices.

Afro-Asian, like no other company, was able to offer us not only incredible value for money, but also a level of service second to none

WHAT EXACTLY IS IT THAT WE DO..?

Our intimate knowledge of the socio-economic conditions in Africa and Asia, and our close contact with international insurers and reinsurers, has enabled us to provide bespoke solutions to problems peculiar to these geographical areas. In the field of reinsurance we are continually striving to provide specially designed reinsurance programmes for our insurance and reinsurance company clients.

Working in partnership with insurance companies and their major clients, and in cooperation with specialist reinsurers, we provide the most flexible and cost effective reinsurance products most suited for their operational needs.
